SAVOX

Hasty Search Kit

The kit includes the Delsar® LifeDetector® Mini system that provides seismic detection of victims and the all new SearchCam Recon III for visual search and location operations.

The equipment contained in the Hasty Search Kit™ is cross compatible with other members of our rescue product family: SearchCam 3000™, and Delsar® LD3 LifeDetector®. Batteries and chargers are completely interchangeable to assist with logistical issues such as battery management during full scale deployments or events.

Key Benefits

- Ruggedized camera
- Seismic victim location abilities
- Heavy duty single storage case
- · Rapid to deploy
- Interchangeable batteries
- Extremely cost effective
